

Financial Freedom Class

Session: INTRO

(Designed to be used with the PowerPoint Lesson: INTRO)

1. The equilateral triangle is a visual representation of our _____, it's three equal sides represent the need we have in our lives for _____. The joining of these three lines symbolize that it is not a _____ that we pursue, but rather a continuous _____.
2. The bottom left corner of the triangle points to our need to develop the right _____.
3. The bottom right corner of the triangle points to the need to take action, or _____.
4. When connected, the first two points establish the all-important _____ for our future.
5. The two sides of the triangle rise up to the pinnacle, pointing us to the unlimited possibilities that result through the _____ of the right attitude with sound Biblical and common sense principles.
6. The red dot in the center of the triangle fills what was once an empty void. The red dot represents our need to acknowledge _____ as "Owner of it all".
7. Anyone can have financial _____ in their lives, but true _____ is only possible when you reach a point of being able to let go, transferring ownership to It's rightful Owner.
